

REMARKS

The Undersigned would like to thank the Examiner for the courtesy of having a phone interview with him on October 8th, 2009. The undersigned agrees with the description of the interview contained in the Examiner's Interview Summary of 10/15/09. All of the amendments discussed with the examiner in that interview have been inserted into the above Claim listing.

Paragraph 2 of the Office Action objected to Claim 12 because of the ungrammatical language "from a another entity" that was contained in that claim, and suggested that the word "a" be removed from this phrase. In response the suggested amendment has been made to Claim 12.

Paragraph 2 of the Office Action rejected Claims 1, 3-18, and 31-39 under 35 U.S.C. 101. All of the amendments discussed in the Examiner's above mentioned interview have been made to the claims. As indicated in the Examiner's Interview Summary, the Examiner indicated these changes would be sufficient to overcome the 35 USC 101 rejection contained in the Office Action.

Paragraph 3 of the Office Action objected to claims 3-8 because claims 3 and 4 each have the phrase "said single line strings." The Office Action says there is insufficient antecedent basis for the words "single line". In response to this objection, the words "single line" have been deleted from the two occurrences of this phrase.

The undersigned acknowledges and appreciates the Examiners statements in the other paragraphs of the Office action. None of these other paragraphs appear to contain any statements that requires a response.

It is respectfully submitted that with the above amendments all of the currently pending claims, that is claims 1, 3-18 and 29-39 are patentable and early allowance of these claims is hereby respectfully requested.

Respectfully Submitted,
